

The NGC Registry is the most powerful and enjoyable tool available to the numismatic community. Over the next few months we'll be telling you about all the user-friendly features, dramatic growth, and scoring improvements we believe make us the hobby's most progressive registry.

THE HOBBY'S MOST
2
Reason
PROGRESSIVE REGISTRY

Your page. Your journal. Your gallery. More features for you — the collector.

The NGC Registry has always been "the collector's registry." As an added benefit to our members, we've recently included a number of features that will enrich your experience even further:

REGISTRY HOME PAGES

Click "My Home" as a logged in user, or click on any user's name to view all of their sets and coins.

COLLECTORS' JOURNALS

Much like a "blog" or "web log," users can post their thoughts and share the day-to-day experiences of collecting with other enthusiasts right on their own homepage.

PERSONAL COIN GALLERIES

Users now have one place to view all of their imaged coin entries. They and others can now get a *true visual* sense of their collection, quickly and easily.

Visit today to see these features, and set up a Registry Home for yourself:
